July 13, 2018

Dear 11th and 12th grade families,

I am very excited to announce a new partnership with Prep For Success Tutors that will offer high quality in-person and online ACT prep to DVFS students!

We will run a trial class this fall for interested 11th and 12th graders. The class will be a hybrid of in-class instruction with an extensive online platform to support each lesson for ACT test strategies and content. The goal of this partnership is to increase DV student test-taking confidence, boost ACT scores, and to lessen the burden of scheduling prep courses since this will be during the school day. The fall class is designed to lead into the December ACT exam, which should be the final testing date for 12th graders as they apply to college and is a great initial test date for 11th graders so they can continue to prep, retest, and boost their scores the following spring/summer.
