The screenshot shows a web application interface with a dark blue header. In the top right corner, there are icons for a graduation cap, a refresh symbol, an exclamation mark, and a printer. Below the header is a navigation bar with links for 'Home', 'Contact Information', and 'Alert Preferences'. The 'Alert Preferences' link is circled in red, and a red arrow points from the main title 'Alert Preferences' to it. The main content area has a light blue header and a list of alert types. The first alert type is partially visible, showing 'ne' and 'bile Phone'. Below it, there are two columns of checkboxes for contact methods: P1 Email 2, P2 Home Phone, P4 Email A, P1 Home Phone, P3 Cell Phone, and P4 Email B. The second alert type is also partially visible, showing checkboxes for P1 Email 2, P2 Home Phone, P1 Home Phone, and P3 Cell Phone.

Save Changes

The screenshot shows the 'Alert Preferences' page in the SwiftK12 system. The page is titled 'Alert Preferences' and is divided into four sections: Emergency, General Information, Parent News, and Teacher Message. Each section contains a grid of checkboxes for various contact methods (Home Phone, Cell, Day Phone, Work Phone, Student Email, etc.) for different levels (P1, P2, P3, P4). The 'Save Changes' button at the bottom is circled in red.
